

Universal Catalog

SPS Commerce's **Universal Catalog Service** is specifically designed to help your organization satisfy its customer's compliance requirements for the electronic delivery of GTIN (UPC) item information, pricing data, and more. Our powerful, yet easy-to-use, hosted EDI catalog service is based on a SaaS EDI model, delivering powerful features for a low, monthly fee. **Plus, our EDI catalog service is backed by industry-leading customer support.**

Powerful SaaS EDI Catalog Service Our SaaS EDI Catalog Service gives you the convenience of an outsourced EDI solution with no software to install or maintain.

Comply with Customer EDI Requirements The Universal Catalog Services enables you to quickly offer an accessible, consistent and accurate source of item information for your customers, including product images/photos, product information and detailed item data.

- **Hassle-Free Setup and Operation** SPS lets you choose how you load and update your catalog.
 - Use an online form via a web browser
 - Upload a spreadsheet via a web browser
 - Send SPS an 832 EDI document

Easily Manage Pricing - Retailer-by-Retailer Managing pricing on a retailer-by-retailer basis has never been easier. You can create new catalogs without starting from scratch each time. SPS Commerce

ensures that your sensitive pricing information is secure.

- **Support for External Data Pools**, including 1SYNC (formerly known as UCCnet) SPS' item synchronization can integrate directly to the retailer and/or external data pools including Global Exchange Services (GXS), Inovis Catalogue and 1SYNC. Our solution is 1SYNC certified.
- **Support for Multiple Product Code Standards** SPS supports all of the most commonly used product code standards including 14 digit GTIN, EAN.UCC-14, EAN.UCC-13, UCC-12, EAN.UCC-8, EAN.UCC-13 and UCC-12.

National Retail Federation (NRF) Color & Size Code Handbook

As a part of the outsourced EDI service, vendors have immediate access to the **National Retail Federation (NRF) Color & Size Code Handbook**. Vendors can use this guide to ensure that they are using the proper color and size codes for their items in the catalog, before sending their information to their retail customer.

SPS Commerce catalog customers can download the **NRF Color & Size Code Handbook** from their service portal, or they can contact SPS Commerce Customer Support at **888-739-3232** or ***customersupport@spscommerce.com***.

To learn more about subscribing to SPS Commerce's catalog service, please call us today at **866-245-8100** or send an email to ***info@spscommerce.com***.
